### Bundling Arrangements & Mandatory Goods

Supply of the Service does not require bundling. It is not a requirement of TPG Mobile Services that customers acquire handsets or other equipment from TPG. However, you must have a compatible mobile handset to be able to use this service.

### Excluded Usage

The **T4G Large plan** exclude Excess Data, Calls to International Numbers after the first 100 minutes, SMS and MMS to International numbers, Calls to Satellite phones, Third Party content, Video Calls to Standard Australian and International numbers, International Roaming, Directory Assistance and other Enhanced Services. Calls and SMS to 19 Numbers, Diversion to International numbers and Premium SMS/MMS are not supported.

**Excess Data:** T4G Large plan has a certain amount of Included Data each monthly billing cycle. If at any time in a billing cycle you use more than the amount of Included Data, we will charge \$10 out of your prepaid balance to increase the amount of Included Data available in that particular billing cycle by 1GB. If there is insufficient funds in your prepaid balance, your service will become inactive until your prepaid balance is topped up.

See Call Rates and Other Usages Rates below for a pricing summary of excluded key usage types. For full rates and a complete understanding of Inclusions & Exclusions, visit the website [www.tpg.com.au/mobile/callrates](http://www.tpg.com.au/mobile/callrates).

### Coverage

Customers can only obtain 4G speeds when they use a 4G-ready phone (LTE 1800/850 MHz) in 4G coverage areas as per the detailed map listed at [www.tpg.com.au/mobile/coverage](http://www.tpg.com.au/mobile/coverage). When customers are not within a 4G coverage area or their mobile handset is not 4G compatible, the mobile service will automatically switch over to 3G and speeds will be much less than that of 4G. When inside 4G coverage areas actual speeds vary due to factors such as location, distance from the base station, local terrain, user numbers, hardware & software configuration and download source/upload destination.

## Other Information

### Usage Information

You can monitor your TPG Mobile usage by logging into Your Account online at [www.tpg.com.au/account](http://www.tpg.com.au/account).

### International Roaming

While roaming, calls, SMS, MMS and data are charged at higher rates than they are used in Australia.

Charges for using International Roaming are not part of your plan's Monthly Included Value. We highly recommend you disable Mobile Data (GPRS) before going overseas to ensure that you do not incur unexpected and high data usage fees whilst roaming.

Please be aware there is often a lag of up to 30 days before the roaming usage is shown in "Your Account" due to the delay in receiving your roaming usage records from overseas network carriers.
