Bundling Arrangements

Once an NBN Fixed Wireless Bundle is purchased:

- You cannot separately cancel either component (NBN Broadband or Digital voice). Cancellation will cease both services

NBN Speeds

Typical Evening Download Speed is subject to change and is measured between 7pm and 11pm. Your service speeds are not guaranteed and may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by TPG, congestion and fixed wireless network limitations. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

Equipment Required

If you do not already have the required NBN infrastructure installed at your premises, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration.
