

CRITICAL INFORMATION SUMMARY

TPG NBN FIXED WIRELESS M BUNDLE

Service Description

TPG's NBN Fixed Wireless M Bundle service is delivered via the National Broadband Network (NBN) using Fixed Wireless technology to the network boundary point of your premises.

TPG NBN Fixed Wireless M Bundle includes the following components:

- NBN Broadband using the Fixed Wireless network
- Digital Voice Service:
 - o Unlimited Local calls – Excl. 13/1300 Calls
 - o Unlimited Standard National Calls to Landlines
 - o Unlimited Calls to Standard Australian Mobiles

The service is a pre-paid service and bills are not issued. An additional prepayment is required if you wish to make any calls that are not included as part of your plan. Payment options are Direct Debit or Credit Card.

Minimum Term

New Customers: The NBN Fixed Wireless M Bundle plans are supplied on a no lock-in contract. Customers are permitted to terminate the service by giving 30 days notice.

Existing TPG Internet Customers: The NBN Fixed Wireless M Bundle plans are available to existing TPG internet customers choosing to switch their internet service to this bundle at their current residential address ('Change of Plan') or at a new residential address ('Moving Home'). Change of Plan and Moving Home bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or a 6-month contract term (early termination fees apply – see below).

Availability

The NBN Fixed Wireless M Bundle is available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at www.tpg.com.au/nbn-fixed-wireless/coverage

Bundling Arrangements

Once an NBN Fixed Wireless Bundle is purchased:

- Change of plan option is restricted to TPG NBN Fixed Wireless Bundle plans only and you cannot move back to a TPG ADSL2+/ADSL service.
- You cannot separately cancel either component (NBN Broadband or Digital voice). Cancellation will cease both services

NBN Fixed Wireless Speeds

Typical Evening Speed is subject to change and is measured between 7pm and 11pm. Your service speeds are not guaranteed and may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by TPG, congestion and fixed wireless network

limitations. See Key Fact Sheet for more detail. Addresses with speeds affected by NBN Co wireless network congestion will be notified. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable. NBN Fixed Wireless may not be suitable for online gaming.

Where you use an NBN Fixed Wireless Service and your usage falls within certain parameters set by NBN Co, your download or upload speeds may be impacted by NBN Co's enforcement of its fair use policy. This could mean you may, from time to time, experience slower speeds depending on your usage, the time of day and the type of applications you are using.

Equipment Required

If you do not already have the required NBN infrastructure installed at your premises, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration. You need an NBN compatible modem to connect your devices to TPG NBN Broadband service. The pricing above assumes that you will choose the option with TPG modem included.

To be provided a working Voice Service, you need a standard phone handset (approved for use in Australia) and you must choose the option
